Dear Mr. Weisberg.

The next issue of "Insight" will be out in a few days. We will send it and other back copies (if we can get them) when it comes out.

Courtney has devoted his show to local and election issues over the past few weeks. Nothing significantly interesting has taken place on his radio program. I still intend to ~~[redacted]~~ send tapes if anything arises. Plnaby hasn't been a guest. He's probably soon to appear. The last few days Courtney has been on a smear S.D.S. campaign.

Ross Goldberg

Hope you enjoyed your vacation.

Welch dictates what you guys should do and believe. He thinks he's got the final answers to fighting Communism etc.
